Student Life

This year at Trevecca was full of changes that affected all students in one way or another. Besides going to class and studying, we like to express ourselves in a variety of ways. We make new friends and discover we are not the same person we once thought. Many

changes occur in our lives that shape who we are. Some changes are good, others are not. One major change that occurred this year is the new name change, Trevecca Nazarene University. With this new change we find a new respect for ourselves

and our beloved school. It provides us with opportunities and challenges that will structure our personalities and beliefs when we leave to face the world. It will give us the tools we need to succeed in the world, it will give us a new light.

Congratulations!

Graduation 1996

This year's graduation was filled with much excitement since it was the first class ever to graduate from Trevecca Nazarene University. It was filled with mixed emotions, joy for a major accomplishment had been completed and sorrow because we were leaving such a familiar place that had been home for such a long time. It was time to travel into a new light and the class of 1996 took it with much pride.

A light into Academic

Donna and Rick Underwood are having fun at the Jr./Sr. (left picture)-Todd Durbin stands proud.

Academics are an important aspect of our college career. The knowledge we gain will shape who we are and who we will become. It opens us to new insight we did not see before and it challenges us to question what we believe and why. It provides us with an understanding of our areas of concentration whether it be business, or social work. With this understanding, we can go out into the world with the confidence that we will succeed. We can go out with pride because we are taught by great professors who know how important our education is to us. Academics bring into our lives, a new light.

Darda...*Darda*, the yearbook of Trevecca Nazarene Universtiy received its name from the Old Testament (I Kings 4:31). Darda was a bearer of holder of wisdom, he was listed among the very wise, yet surpassed by Solomon.

Volume number 72 of the 1995-96 Trevecca Nazarene University, was printed by Jostens Printing and Publishing Company located in Clarksville, Tn. A total of 650 books were printed. The cost of the yearbook is coverd in the general fee which the student pays at the beginning of each semester. Each student is entitled to a book if the have attended both the Fall and Spring semesters consecutively.

The thematic statement "A New Light" was carried out on the division pages. The typeface used was Medici Script and Palatino. Picture captions were set in 10 point and body caption in 14 point Palatino.

Michael's Photography out in Smyrna, Tn. shot all of the faculty, students, staff portraits. Josten's representatives Harold McGehee, Natalie Kahler and Leelynn Dill worked with the publication of the yearbook. Thank you very much for your help and giving me insight to the production of this book. I could have not done this without your help.

Thanks to the administrtion, especially Dean Harris, who supported and believed in me and gave me encouragement when I needed it. Furthermore, thanks to all who contributed pictures.

This year's Darda was one of the most challenging projects I had ever taken on. It was filled with many trying times and trials and I often wondered if it would ever get done. Well, it did and I am so glad. I want to first apologize for any misspelled words, mistakes, exclusions or anything else that did not meet with your approval, any such things were not intentional. I tried my best to capture this years events. It is often hard to produce a yearbook without staff and the staff I did have,helped me the last two weeks of production, and I am very, very grateful to Kim, Stacey, and Angel. There are few words to express my gratitude for your hard work and friendship. True friendship is everything to me, and you guys have been a blessing to me.

I would also like to express thanks to Dean Harris and Dawn Hedley for their continuous encouragement this year. I have felt like I was never going to accomplish this task but you guys had faith in me and I am glad you did. Also, Dr. Liddell Madden for the support you provide me throughout the year and to all the Social Work majors, Michelle, Julie, Marshelle, Leann, and Angelique for always asking how the yearbook was coming along and being a source of motivation for me. Thank you so much, I wish you all the luck in the world.

I would also like to thank the staff at the Crisis Pregnancy Support Center (where I interned Spring semester) for allowing me to change my schedule at last minutes notice for meetings and other events related to the yearbook and for all their support, insight and love they should me while I worked there. I have never seen such dedication to a cause and I will strive to be like each one of you in my profession.

And a HUGE thanks to my parents, George and Maria for all their encouragement, financial support and love these past three years at TNU. I appreciate your constant belief in me to follow my dreams even when they take me clear across the country and even when they will continue to take me far from home, I know I can rely on you for love and support. And also to my brothers and sisters who put up with my crazy pranks and hill-billy jokes. To my parents away from home, Joe and Marjore Hudson for the friendship and love they provide for me these past three years.

But most important to my Savior,Jesus Christ, who was and is always with me, even when I felt like throwing the computer out the window. He kept me sane and should me patience and his never failing love. Without him, I would not be where I am today. He always brings "A New Light' into my life.
