Dr. Evelyn M. Witthoff To Deliver The Mangum Missionary Lectures

Dr. Evelyn M. Witthoff, returned missionary from India, has been chosen to deliver the Mangum Missionary Lectures this year.

February 1-6 is the week set aside for the lectures, which are given in the regular chapel period.

Dr. Witthoff took her medical work at the University of Illinois and after serving her internship went to Canada for a medical examination which answers for a British qualification and carries with it permission to practice in India.

Her first appointment to the mission field was January, 1941, but because of world conditions she did not leave the states until Nov. 9.

Enroute, Pearl Harbor was attacked and she spent the next three years in Santo Tomas Japanese concentration camp in Manila. In February, 1945, Dr. Witthoff was among those liberated along with Geraldine Chappell, R. N., who graduated from Samaritan Hospital and studied at Northwest Nazarene College. She returned to the states but left for India only a year later.

The lectures are given in honor of Dr. and Mrs. T. E. Mangum by their children and were inaugurated by Mrs. Louise Robinson Chapman seven years ago. Other speakers have been Dr. Lauren Seaman from Africa, Rev. C. H. Wymans of Peru, Prescott Beals from India and Rev. Earl and Gladys Mosteller, Cape Verde Islands.

Semester Exams Scheduled For January 19-23

Semester examinations are to be given Monday through Friday, Jan. 19-23.

All examination periods are one hour and 50 minutes long. Morning test periods will begin at 7:55 and 10:10. Chapel meets at the regular time for 25 minutes. In the afternoon the examination hours are set for 1:00 and 2:50. If your class meets regularly at this time the final examination will be held.

7:55 MWF Mon., 7:55-9:45
 7:55 TTh Tues., 7:55-9:45
 8:50 MWF Wed., 7:55-9:45
 8:50 TTh Thurs., 7:55-9:45
 10:30 MWF Mon., 10:10-12:00
 10:30 TTh Tues., 10:10-12:00
 11:25 MWF Wed., 10:10-12:00
 11:25 TTh Thurs., 10:10-12:00
 1:15 MWF Mon., 1:00-2:50
 1:15 TTh Tues., 1:00-2:50
 2:10 MWF Wed., 1:00-2:00
 2:10 TTh Thurs., 1:00-2:00

(All sections of Old Testament, Biblical Theology, English Composition III, and Public Speaking I, meet to take tests at 2:50 on Monday, Tuesday, Wednesday and Thursday, respectively. Psychology exams are scheduled for 1:00 on Wednesday.)

Teachers are to have all grades in by 5:00 Friday evening. However, no grades will be released from the Registrar's office until Monday.

Monday and Tuesday, Jan. 26-27 will be open for registration for second semester, with new classes beginning the following day.

Societies Elect Semester Officers

Society officers for next semester were elected during last Tuesday's meetings. Results of the SLA election show Dick Ivester as president and Howard Smith as vice president. JoAnn Boswell was chosen as program chairman with Bertie Graham taking the secretarial duties.

New ADP officers are: Clarence Olson, president; program chairman, Marilyn Lutz; vice president, Lauren Sanders; secretary, Gladys Fred; athletic directors, Bob Burkhardt and Lois Tracy.

Chosen to lead the Olympians was Myron Finkbeiner and Joan Embury as program chairman, with Glee Barnett as secretary.

Wendell Poole was elected president of the LSP Society and Carolemay Rapp will act as program chairman.

Terry Yoda Brings Honors to Campus

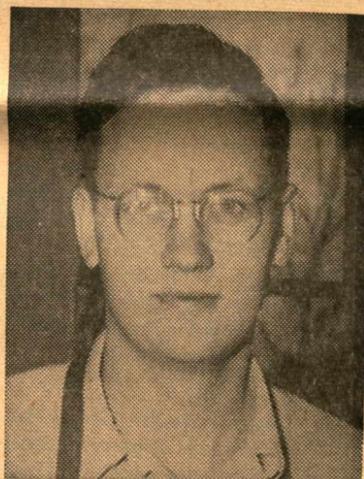

Additional honors were brought to the NNC campus by Terry Yoda, senior student from Japan. Terry was selected to represent all Japanese students in the United States at a Christmas Adventure in World Understanding Conference by Michigan State College.

Had Terry been able to attend, opportunity would have been his to compare the educational systems of various countries as well as the opportunity for sightseeing and visiting in East Lansing, Mich.

Christmas Adventure was sponsored by the Kellogg Center for continuing education for 200 selected foreign and American students.

Home town of Terry is Suppora, Japan, where his father is pastoring the Church of the Nazarene. Terry is majoring in history and plans to return to Japan as a minister.

Beals Accepted By Medical School; Eighth To Be Selected Since 1950

LORING BEALS

Loring Beals, a senior pre-medical student, recently received word of acceptance at three different medical schools — Northwestern School of Medicine in Chicago, Washington University at St. Louis and the University of Oregon School of Medicine at Portland. He has chosen the former. This brings the total number of NNC pre-med students to be accepted by various medical schools in the past three years, to eight; a total which larger colleges find hard to surpass.

During the fall of 1951, Paul Sutherland was accepted at Marquette University; Ercil Bowman by Northwestern and Douglas Powers by Colorado University at Boulder. Ivan Janosky was accepted by the University of Kansas at Lawrence in 1952 along with Carl Stiff at University of Oregon School of Medicine in Portland, Lyle Alloway at Northwestern and Lloyd Smith in Rochester, N. Y. Word was recently received that the latter was one of a very few freshmen offered a scholarship for his sophomore year.

Loring is by no means idle on the campus. He is president of the Marshall Science Society, a Chemistry

Kampus Kalendar

Jan. 16—Misc. program (Chapel 8 p. m.). CHS vs. Boise Sophs, (there) 4:30 p. m.

Jan. 19-23—Final exam week.

Jan. 30 — NNC vs. Harlem Globe Trotters. CHS vs. St. Theresa (here) 6:30.

Feb. 2-6—Mangum lectures.

Feb. 3—CHS vs. Melba (basketball).

Feb. 5—NNC vs. Whitman (basketball).

Schedule Paul Martin As Youth Week Speaker; Music Headed By Ron Lush

REV. PAUL MARTIN

Paul Martin, prominent Nazarene youth leader, and Ronald Lush, well known music evangelist, have accepted an invitation from Nampa Nazarene youth to preside at the annual Youth Week revivals.

Six rallies from Jan. 26-31 will be held at College Church beginning at 7:45 each evening. George Stoops, NYPS president of Northside Nazarene Church, has been elected general chairman in charge of the meetings.

Committees Chosen

Committee chairmen chosen at a recent combined council meeting include Mel Laws, College Church, music and ushering; Richard Lindbloom, First Church, advertising; George Stoops, Northside, prayer chairman; Eula Tombaugh, Fairview and Glen Hopkins, Franklin Road, co-chairmen of personal evangelism.

Paul Martin is remembered by many Nampans as a son of the late E. E. Martin who pastored Nampa First Church in its early years of growth. Paul spent his high school and college years on the NNC campus, participating in various speech activities and gaining honor in baseball and basketball. Beginning his preaching career at the age of 19, he has had wide experience both as an evangelist and pastor. An enviable record was achieved by the Porterville Nazarene Church under his leadership when they recently built their Sunday School attend-

Change From Mortgage Campaign To Liquidation

Changing the name from mortgage "reduction" to mortgage "liquidation" has typified the progress of the campaign launched three months ago to reduce the present mortgage on the NNC campus.

At the present time 210 churches, totaling 15,259 members, have pledged \$68,584.82. Already \$22,617.41 of this amount has been paid in cash. This is a per capita pledge of \$4.49.

According to Mr. L. Wesley Johnson, business manager, about 25% of the churches and zone membership is left to be solicited.

The campaign was launched Oct. 5, being approved at the semi-annual meeting of the Board of Regents. Originally, the goal was set for \$50,000, half of the mortgage, and was to extend through the months of October and November.

Nazarene Churches in Nampa and vicinity started the campaign rolling by pledging \$21,000. The second report showed \$30,000.00 raised; reaching \$42,000 just before vacation started.

Connel, Wash. still holds the highest per capita giving in the entire educational zone. With only 32 members, they responded with \$41.80 per capita.

lab assistant to Dr. G. Ford, and is president of the local chapter of Zeta Kappa Rho, the denominational wide collegiate honor society.

Professors in the Science department, under whose guidance these students achieved their positions, include Dr. Maude Rice, Dr. A. A. Aller, Dr. G. Ford and Prof. J. C. Emerson.

New Encyclopedia Set Put Into Use In Campus Library

Mrs. Geneva Bittleston, librarian, has announced that the new Colliers Encyclopedia is now ready for use in the library. There are twenty volumes with bibliographies and index. These encyclopedias are first editions. Every article has been written since World War II.

"It gives a completely fresh approach to the problem of providing the average reader with an up-to-date, authoritative reference work that includes the thousands of changes brought about by World War II and postwar upheaval," she said.

Colliers Encyclopedia is a concise, completely understandable summary of facts and information for both layman and scholar. Thousands of interesting illustrations, both in color and black and white are a lively compliment to the text.

These volumes are a great asset to the library and will be of great benefit to the students.

MR. RON LUSH

ance to a figure surpassing all other Northern California Churches.

Martin Is Grad

For several years he served as full-time youth director on the Southern California district and in 1947, while pastoring in Northern California he joined with Ponder Gilliland, initiating the Lamplighters League which was adopted as a church-wide project. Described by friends as a speaker of interest and a man of sparkling wit and friendliness, local youth leaders vouch for his appeal to youth.

He is presently slated for full-time evangelistic preaching and is now concluding a meeting at Coeur d'Alene, Idaho.

Lush To Play Trumpet

Special feature of the services will be trumpet solos by Mr. Lush, 1929 alumnus of NNC who took graduate work both in Seattle and Chicago. For two years he taught in the Pasadena Nazarene College music department, then served four years as minister of music in the Salem, Ore. Church of the Nazarene. There he taught at the Christian Academy, directing the high school choir and giving private trumpet lessons. He has been active as a music director in youth camps in the Northwest and is now beginning full-time work as an evangelist musician. Accompanying him to Nampa will be his wife, Myrtle-belle, who graduated in the NNC class of 1940, and two sons.

Cottage prayer meetings are being held each Saturday evening in the interest of the revival and Nampa youth leaders report enthusiasm and cooperation among the five groups cooperating.

NNC Crusader

... EDITORIAL ...

THE GIMME ATMOSPHERE

The atmosphere that pervades the world in general permeates the thinking of some who attend NNC. Speaking more in detail we mean that "gimme" idea that the world in general owes us a living and by hook or crook we'll get it with the least effort possible.

We're living in days when all kinds of pensions are available—for the crippled, the aged, the dependent, the veteran and the unemployed—in fact, reliefs and government subsidies are the vogue. Maybe, we as a nation are cutting down the bread line and eliminating apple carts from the streets but what are we doing to the man as an individual?

In short, we make him a dependent, worthless creature on society. He no longer has the satisfaction or the desire to work in order to supply the necessities for his family. They are handed to him while he sits in a rocking chair glibly discussing the glories of the modern age. Rather than making a living by the sweat of his brow, he does so by the sweat of the political and social regimes that are in operation.

NNC students also feel its influence. Many come here with the idea that college life is simply nine months of social highlights; others with the vision of a continuous campmeeting atmosphere; others believing that teachers and administration alike are interested only in handing to them grades sufficient and adequate to keep them from being drafted or from quitting school. These same students have been surprised when actual grades earned were presented to them without apology. Others when disappointed in the academic field, have sought refuge in another world, the economic world, and many other places where "gimme" is catered to.

Young people now need to face life as it really is. We need to realize that we should work for what we get; whether it be for grades, compensation or the more abstract things of life. At least we have the satisfaction of having done something with life!

The beginning of a new year and a new semester is the ideal time to change our concept from "gimme" to giving. Instead of draining everything possible from NNC and living a parasitic life, why not try CONTRIBUTING something? If you do, you'll be a richer person and NNC will be a better institution, just because you dared to GIVE while you are getting!

Marriages

COOK - SOUTHARD

Miss Oleta Southard, daughter of Mr. and Mrs. Allie Southard of Middleton, Idaho and David Cook, member of the junior class, were married during Christmas vacation.

WRIGHT - GAUSE

KROK Manager Paul Wright and Joann Gause were married Dec. 18. Joann is a graduate of CHS and Paul is a junior.

PENNINGTON - RUMANN

Mrs. Minnie Rumann, Minot, N. Dak. announce the marriage of their daughter, Berniece Adele, to Mr. Joe E. Pennington Dec. 19 in the Church of the Nazarene, Emmett, Idaho. Joe is a member of the sophomore class.

FOSTER - MOREFIELD

December 30, Pauline Morefield, daughter of Mr. and Mrs. Paul Morefield, Albany, Ore., was married to Sn/3 Edward Eugene Foster. Pauline is a member of the sophomore class and will leave at the end of the semester to join her husband in San Diego.

TAPLEY - MAYFIELD

James D. Tapley and Geraldine Mayfield were married Dec. 17 in the Church of the Nazarene in Sallisaw, Okla. Jim is a former student of NNC now a senior at Bethany Peniel College.

POWELL - SHUTE

Eloise Shute, class of '51, was married during vacation to Mr. Joseph H. Powell. Eloise is on the teaching staff at Northwestern Christian High School, Spokane, Washington.

PERFECT - HAMILTON

Mr. and Mrs. W. H. Hamilton announce the marriage of their daughter, Betty Jean, to Mr. Harold E. Perfect on Jan. 15. Betty is a former NNC student.

Engagements

VIMONT - STOKES

Mrs. Lola Stokes of Tillamook, Ore. announces the engagement of her daughter, Shirley, to Mr. William J. Vimont. Both are members of the freshman class. No wedding date has been set.

PERSONETTE - SHUTE

Mr. and Mrs. J. W. Shute of Nampa has announced the engagement of their daughter, Audrey, to Mr. Wayne Personette. Audrey is a sophomore and Wayne is a former student.

GRIFFITH - HARRIS

Of interest to NNC students is the engagement of Ima Jean Harris to Mr. Joe Griffith of Monrovia, Calif. Ima is a former student who transferred to PC this year. No wedding date has been set.

GUNN - PICKENS

A March wedding date has been set for the marriage of Etta Mae Pickens to Mr. Bill Gunn, both of Pasadena. Etta Mae is also a former NNC student.

Recovering

Nadine Webster, freshman, who has been hospitalized for the past six weeks, is progressing nicely and is able to be in a wheel chair. We all wish Nadine an even speedier recovery.

The Faculty Speaks

THE FUTURE IS NOW!

By Ethel G. Allison

It is easy to trick ourselves into thinking that we will do better tomorrow or next week, or into indulging in "ifs." If I had ten thousand dollars, I would contribute to the out-of-debt campaign. If I could sing like Marian Anderson, I would surely give my talent to God.

Young people seldom realize that they are becoming today the kind of persons they will be tomorrow. They have visions of responsible positions they will hold tomorrow, but today they are developing the characteristics which will or will not cause that dream to come true.

I heard a speaker once make this remark: "Your face at twenty-five is what God gave you, but your face at fifty is what you yourself have made it."

Not only the cares and the re-

sponsibilities of life, but also the peace of mind and heart will show on the face at fifty; on the other hand, sin, confusion, impatience, hatred, or unrest will shape the countenance of the mature adult.

The way we react to the present determines the kind of person we shall be in the years that lie ahead. Several proverbs and Bible verses remind us of this principle.

"The child is father to the man."
"Whatsoever a man soweth that shall he also reap."

"He that is faithful in that which is least, is faithful also in much."

In the parable of the talents, Jesus warned against the danger of failing to meet present responsibilities by revealing the inevitable consequences for that failure. One man lost his opportunity for future service by burying his one talent in the ground. By this single act, his future uselessness was determined. Those who used their talents were given greater responsibilities of service to enjoy. Their response to an early situation set the pattern of what the future was to hold for them.

THE FUTURE IS NOW! If we believe this, the most important question we can ask ourselves is, "Am I becoming today the kind of person I want to be tomorrow?" The road to dreams fulfilled and services given lies in living now so that our most cherished hopes for the future can be realized. Adherence to this principle is the palladium of a happy tomorrow.

LETTERS TO— —THE EDITOR

(Ed. Note: The following is in response to the letter published in the Dec. 12 issue of the NNC CRUSADER.)

Dear Editor:

I am happy to inform you that concrete work has been done in recent weeks to expand our Fire Prevention and Protection Program on the campus. In the closing weeks of last year, a committee was appointed by Dr. Riley to inspect the campus dormitories and submit an initial report concerning the needs of each building relative to fire-fighting equipment.

Each head resident has been instructed to provide a plan for the evacuation of the building under his supervision. These plans have all been completed and mimeographed and are now ready for dissemination to the dormitory personnel. In the immediate future, fire drills will be held in each dormitory.

Last week the Nampa Fire Inspector accompanied a committee through each dormitory and gave valuable information relative to the placement of the fire extinguishers. There will be a fire extinguisher for each 2,500 feet of floor space and no resident will have to travel more than 50 feet to get access to an extinguisher. All of these extinguishers will be positioned in the near future in each dormitory.

Charles E. Taylor,
Dean of Students.

UR-8 Guam Detachment
December 21, 1952

Dear Editor:

Just wanted you to know that the NNC CRUSADER is the only means we who are gone from its halls have of knowing what is going on in its hallowed spaces.

Those of us who hope to return to finish our education like to know of any changes that are taking place and I can't think of a better way of keeping posted than through the CRUSADER. Also we want to know what is new. I really look forward to getting my copy of it, even if it is a little late sometimes due to the mail service. I look for names

Personal Integrity To Be Put To Test

With final exams near at hand on some campuses, students working under the honor system must again make ready for the supreme test—the test of personal integrity.

Here's what some college newspapers have to say about this test:

The Baylor Lariat: "Most of us watch people cheat, get hopping mad, but don't do anything about it except sit around and gripe. Some say they don't want to be a tattletale; all right, had you rather report them or sit around the rest of the quarter and watch them cheat all the time causing your grade to be lower?"

"We must decide for ourselves. If we want the honor system to work, we must be the ones to make it workable."

The Tulane Hullabaloo: "If there is no honor system at Tulane, it is because there is no honor. If there is no honor it is the students' fault."

"The teachers have caught on. There is cheating, often obvious cheating . . . If the students won't stop it the school must."

"Therefore it is the duty of every student . . . to find this honor, or it is his duty to ask that the honor system be abolished so that we may be protected against himself like the intellectual midget that he is."

The Postscript, Richmond Professional Institute: "Cheating is the easy way of doing things, but it helps no one . . . Most of us would not take money or an article from a fellow student. Why steal his thoughts?" (A. C. P.)

Class of 1970

Ronald Clarke, 7 lbs. 11 oz., was born to Mr. and Mrs. Lou Kitchin, Salem, Ore., on Dec. 14. Both are former NNC students.

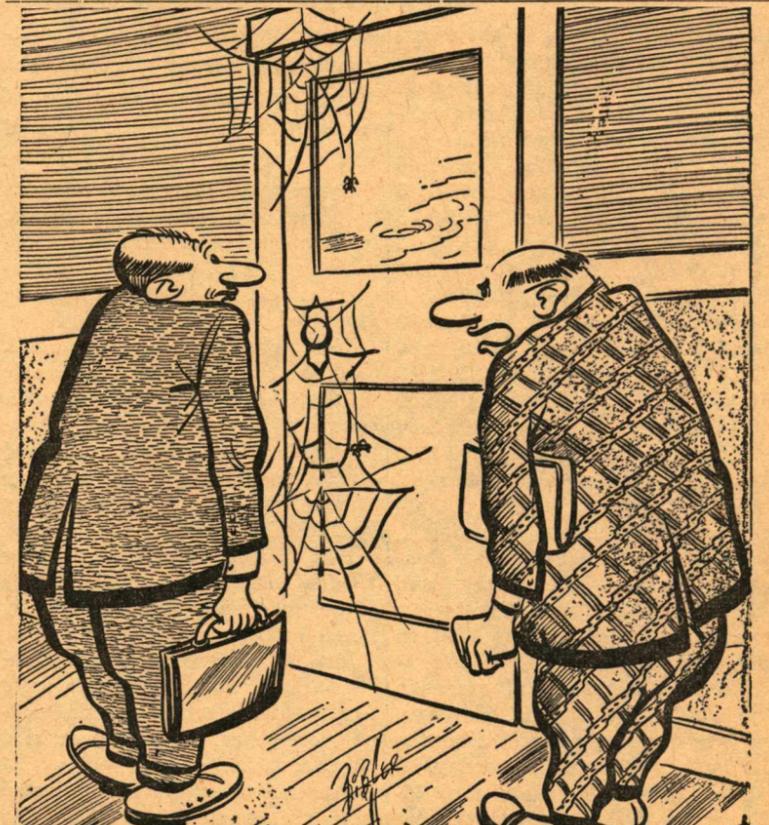

Mr. and Mrs. Arnie Zimbleman, class of '51, announce the birth of Debra Lynn on Dec. 20. Arnie is now stationed in France with the U. S. Air Force and Tommie is living in LaGrande, Ore.

CAMPUS VISITORS

Warren Cassins, former CHS student, now stationed with the Air Force in Cheyenne, Wyo., visited the campus last week.

Francis and Faye Sutherland, class of '51, spent last weekend visiting with his parents, Prof. and Mrs. Sutherland. He will leave for the Far Eastern Command Jan. 15 as a guest of the U. S. Army.

stationed at 11th Naval Headquarters in San Diego.

"I think it's about time someone told Professor Flapjaws that his lectures are too long."

ANNUAL TIP OFF SET FOR JAN. 24

Crusaders Meet C of I, Toughest Boise Basin Team

The College of Idaho, with one of the strongest outfits to come out of Caldwell in many a moon, will be the worthy opponents for the annual tip-off game the night of the 24th in the renewal of the most bitter battle of bulging biceps in the Boise Basin. This game will follow the first in the two-game series between these neighboring rivals Friday night in Kirkpatrick Gym at Caldwell.

Prior to this week's action, a comparison of the season records to date show the work cut out for the Nazarenes. Eight victories against a single defeat which includes lopsided decisions over Eastern Oregon, Mountain Home, Honolulu Ambassadors and Westmont College, all of which beat the Crusaders at least once, and a split with Boise Junior whom NNC met on Tuesday, will be thrown against the record of one single win to 12 the other way.

Owens Will Lead

Led by an astounding R. C. Owens, a 6'5" negro center from Santa Monica, Calif., the Coyotes have possibly the strongest team in the Boise Valley and stand a good chance to win the Northwest Conference title. Owens has scored 115 points in his last five games for an average of 23 per game, the highest in the valley.

Besides Owens, there are three Dicks on the starting lineup, Carrow, the tiny playmaker from Torrence, Calif., Speiss, the other guard, and Weist, a 6'4 1/2" forward from San Diego, teams with Ray Mullins, a former star at Boise Junior College. Not only these five are outstanding, but there are others by names of Kenneville, not a stranger to the critical Nampa fans, Sanchez, Pfost and Whitten, a forward.

Carrow Is Smallest

Little Carrow stands at only 5'5" and could be the smallest man ever to appear on the opening lineup of a crack Boise Valley team.

Though Coach Monty Lee has not the height to compare with C of I, he will start five good men who will fight harder than ever to have the privilege of knocking off the touted Coyotes, who are minus the promising center from last year, Jack Baker. Mickey Dean is back in form after an ankle injury.

The rivalry between C. of I. and NNC has been cut in half this year. Four games were played last year in which they split even at two and two.

It is well, when one is judging a friend, to remember that he is judging you with the same godlike and superior impartiality.

—Arnold Bennett.

Basketball Standings

	(Boys)	
	Won	Lost
ADP	4	1
OLY	4	1
SLA	3	2
LSP	0	5

	(Girls)	
	Won	Lost
ADP	4	1
LSP	4	2
SLA	3	2
OLY	1	5

ADPs Face OLYs In Intramural Basketball Finals

For the first time in three semesters, the SLA and LSP societies are not in the running for the boys' intramural basketball championship as the remaining two have come face to face in a championship battle. Each team goes into the fracas with a 4-1 record, but the ADP loss is a decisive decision to the Olympians which stamps the latter as favorites going into the game.

Bynum Leads

Led by high-scoring Paul Bynum and the instigator of the fast break, Bob Dennis, the OLYs will come roaring out with nothing but victory on the mind but the ADPs are working hard for a reversal of the victory plans. And a right they have to work for such, with big Clary Olsen working with the taller Miller Bros. and Wright ditto for a powerful offensive lineup.

To back up these five will be the return of Bob Burkhart and other shorter but definite threats to the OLY cause, Buzz Earlywine and Wally Johnson.

Line-up Given

On the other side, Ron Beech, Rod Newman, George Mowry, Dale Krause, Ernie Fisher, Norm Crawford and Ed McDowell are on hand to aid the Finkbeiner - coached forces, who have lost only to the SLAs in a terrific rally led by Carl Bryson.

Beech is the team's steadiest performer, Mowry is the fightingest, and Crawford is improving rapidly, particularly in backboard control, as was shown by his last performance. Fisher had training for the Junior Varsity and McDowell has height. Bynum and Dennis need no introduction. These more than take up the slack left by the intramural ineligibility of Gordie Beeson.

The ADPs are in the race, not by individual performances, but by championship teams with a Yankee reputation of "Win in spite of and because of playing material." The reputation of winning teams is a factor in winning.

A man who has a beautiful soul always has some beautiful things to say, but a man who says beautiful things does not necessarily have a beautiful soul.—Confucius.

Tip-Off Princesses

Pictured above are the Tip-Off Princesses, one of whom will be crowned queen January 24. Left to right: Mary Wing, Pat Wilkes, Estelle Schroeder, Beverly Lais and Doris Rice.

Identity of Queen To Be Revealed At Annual Coronation

Crowning of the Tip Off Queen will take place Jan. 24 in Central Auditorium when NNC meets College of Idaho. The queen will be selected from a group of candidates nominated by members of the N Club and elected by the student body.

Pat Wilkes, Beverly Lais and Estelle Schroeder are the three upper division princesses, one of whom will be queen.

Pat is a senior from Nampa majoring in home economics. Bev, a music major, is a senior from St. Paul, Minn. Estelle comes from Salem, Ore. and is majoring in elementary education.

Traditionally, the identity of the queen is not revealed until she is presented with a bouquet of roses as she enters the court.

Lower division princesses are Mary Wing and Doris Rice. Mary is from Lebanon, Ore. and is a sophomore majoring in elementary education. Doris, also a sophomore, is from Kelso, Wash. and is a home economics major.

Gamma Nu Gamma will assist the members of the N Club with the decorations. Arrangements for the Coronation and honor guard are being made by Keith Leamon, Dick Ivester, Bob Burkhart and Frank Deffries.

Following the game and Coronation, a party, honoring the queen and her court, will be held in Morrison Dining hall.

ADP Girls Lead In Society Basketball

Should the SLAs have beaten the ADP girls last Tuesday, the standings would be thrown in a real tangle with three teams tied for first place with the first semester season completed. But by winning, the latter can call themselves undisputed champions with a slate of 5 wins against but one loss which will move the LSPs into second and drop the SLAs to third, two full games in front of the Olympians, who pulled a major surprise by dropping the LSP girls 9-8 last week.

The only team with a chance to win undisputed is keeping up with the boys in their society by having the tallest lineup in their section. They are led by Lois Tracy and sharpshooting Martha Hopkins on offense and the tall Kathy Lidell on defense. Their victories since the vacation have been a 32-19 swamping of the SLAs, with Tracy scoring exactly half her team's points, then came back and tallied the same number, 32, to the LSPs 23. This time, Tracy was held to 11 and Hopkins took high honors with 17. In the third game in five days, they waded through the Olympians 41-19, with Tracy hitting her peak at 25 points. A 37-26 whipping on Dec. 4 is the only blot on the ADP record thus far.

CHIPS ... from the BENCH

By Ron Kirkpatrick

Announcing the biggest game of the year: Walla Walla vs. Molalla—January 26, 1953—College Gym—8:00 p. m. The challenging iron men led by the skyscraping Miller Bros. tangle with a shorter but more plenteous group from Double Walla. At first it was thought that Walla Walla would play two platoon, with their ten men, to wear out the Molallans who can scratch up only five, until the roster was cut to nine by the acceptance of ball-hawking Bollinger, the man with the hidden basketball talent, of a position as private in the army.

But even though some of the nine men have little or no basketball experience, they will have a good chance of overpowering the proud challengers, a group made up of the three Millers, Russ, Howard and Paul, Rod Newman and Jim Lais.

Working with Coach Hal Weber on the Walla Walla cause are the likes of Bob Burkhart, Dick Ivester, Bob Cantonwine, Roger Weber, Jack McEvoy, Darrell Yeend, Art Jacobs and the writer.

Let's follow a member of the varsity team to California. Starting out in the famous Orange Peril (sometimes called peel), which has now spread its fame through California, the team went as far as Reno where they spent the first night after enjoying a pot luck dinner at the Reno First Church. The date was the 30th of December at the start of the journey, but they did not arrive in Pasadena until 3:30 a. m. New Year's day, after the Peril

had one of nts numerous breakdowns.

In the morning of New Year's, they viewed the famous Rose Parade after which several team members who managed to secure tickets went to the Rose Bowl game between Southern California and Wisconsin.

The four freshmen on the team, Dean, Reisch, Weber and Cantonwine, were invited out to dinner and an afternoon of football on television with Rev. and Mrs. Paul Downey.

Thursday night the team got together again for practice and met the Crusaders of Pasadena College on the basketball floor Friday and Saturday nights, the 2nd and 3rd of January.

Both games were lost by 14 points, but a much stronger challenge was presented to the undefeated powerhouse than did NNC last year on the home court. The touring Crusaders failed to stop the scoring of Bob Hopkins who dropped in a total of 52, 34 of them in one game. Last year, as a sophomore, Hopkins tallied even a larger total on the floor of Central auditorium.

After attending the Sunday services at the Bresee Ave. church (where J. George Taylorson, formerly of Spokane, is pastor), the boys went as a group to visit the world famous Knott's Berry Farm in the Los Angeles Valley. On the way back from the farm, the great Orange Peril broke down again for the second and luckily the last time on this trip.

Monday was the last day in the valley as they traveled the short 100 miles to Santa Barbara for a return engagement with the Warriors of Westmont College, who edged the Nazarenes by two points in Nampa and again by three, 63-60.

Circle K

Dr. Kauffman addressed members of the Circle "K" club at their luncheon meeting last Wednesday. His topic was centered around advertising.

Further plans were made to complete the prayer chapel at Morrison Hall between semesters. The drapes for the chapel are to be purchased by Morrison residents who are raising the \$50 for this purpose.

Business Club

Wegner-Daly, investment brokers, were hosts to members of the Business Club last Monday night in Boise.

Those going on the field trip received information about the operation of a stock exchange and relative branches of business according to club president Ray McGregory.

Students in the Business Organization and Management class also accompanied the group.

Feb. 16 is the next meeting.

G. N. G. Officers Elected

Virginia Walton was recently elected president of Gamma Nu Gamma to fill the vacancy due to the resignation of Jessie Newman. Eunice Broadbent was elected to the vice presidency.

Plans for the year include a new bulletin board to replace the blackboard in the hallway of the administration building. Lois Tracy and Kathy Liddell were appointed to head the committee work.

Mu Upsilon Sigma

"Hymn of the Nations" and "Music in America" will be the two films shown at the Feb. 4 meeting of the Mu Epsilon Sigma.

Scheduled for 4 p. m., the meeting will be held in the chapel. Everyone is invited.

F. T. A. Delegates Chosen

Delegates to the annual delegate convention of the Idaho Educational Association were chosen at a recent meeting of the F.T.A. The convention, which is held in Boise, elects the state officers of the IEA. Those chosen are Joe Keen, Carolemay Rapp, Lois Herron and Carlton Bryson.

"What Greater Gift," a film prepared by the NEA and IEA, was shown at the same meeting. It portrayed the advantages of modern education with methods of the "good old days" and also compared the teaching profession with business opportunities.

Scriblerus Club

At the meeting of the Scriblerus Club on Feb. 2, Shakespeare's "Romeo and Juliet" will be reviewed by George Mowry.

"King Lear" was presented by Lois Herron at the January 5 meeting. Members of the club made plans to attend one of Shakespeare's plays, "The Taming of the Shrew," which was dramatized at Caldwell Friday night.

Withdrawals

Three of NNC's students did not return after Christmas vacation due to military service and one transfer.

Harold Bollinger, sophomore, was inducted Jan. 8 into the U. S. Army. Bollinger was a science major from Freewater, Ore.

Freshman Dean Maurer enlisted Jan. 2 in the U. S. Air Force and did not return. Dean is from Glendale, Arizona.

From College High, Keith Goodman transferred to East Liverpool, Ohio, to finish his senior year in high school.

A man who has committed a mistake and doesn't correct it is committing another mistake.

Students Escape Accidents With Minor Injuries

Although several NNC students were involved in major accidents during the holidays, none were seriously injured or unable to return to school.

In one car, driven by Stan McIntire, all six escaped with only minor injuries when the car rolled several times down an embankment. Passengers were Noreen DeJong, Betty June Coffman, Barbara Sanford, Wally Johnson and Clifton Oleson.

Roger Weber lost control of his car on an icy curve and plunged in a snow bank but no one was injured. Harold Weber, Bob Burkhardt and Ron Kirkpatrick were passengers.

Stanley Kern, Miriam Faul, Joyce Evans, Pearl Wilcox and Ron Mills were traveling in a car that collided with a semi trailer.

Ron Beech, Mrs. Chas. Wilkes and son, Shirley Walker and Joan Embury were involved in the fourth accident.

Announce New Band Schedule

George Mowry, director of the NNC band, has announced activities scheduled for second semester band members.

Such plans include playing at Youth For Christ services, an evening concert in the chapel, basketball games and other activities on the campus.

"We are shooting for a band membership of 45, so don't forget us when you register second semester," stated Mr. Mowry. One credit will be given for the two practices each week, scheduled tentatively for Tuesday at 6:30 p. m. and Thursday at 4 p. m.

A band room is also being prepared and equipped with new music racks in the Speech Hall.

Notice

Due to final exams next week, the next edition of the NNC CRUSADER will be published February 6th.

NEW STAFF TO IMPROVE KROK

By Fred Rapp

With the new staff working effectively many new, forward looking improvements have been brought about in your college radio station, KROK.

Through the efforts of Richard Grenier, our very able assistant manager, our programming is progressing to a new and better level of broadcasting. "Showers of Blessing" and the "Haven of Rest," are now being carried currently and arrangements are being made to purchase new transcriptions for the sacred request hour which is on the air four nights a week.

Along this line, we would appreciate a list of favorite sacred numbers from each and every reader so we will know what to purchase to better please you. Any records you would like to put in our library to share with all our listeners would also be appreciated.

KIDO, KDSH and KGEM have already given very worthwhile assistance in the way of programs and transcriptions and have promised to help in the future. KCID has offered to help in the seminar which we are now planning for the training of our announcers and program planners. Cooperation from the other stations of the valley is expected in this project. During the Thanksgiving vacation the transmitter was taken down and improved by our engineer, Virgil Vail. It was reworked to increase the quality of transmission and widen our possibilities in programming. We are now equipped to play any transcribed or recorded programs.

Tentative plans are now being formulated for expansion of our radio facilities with new recording and broadcasting studios. These new assets will only come as the students show an active interest in your station.

KROK has added to its schedule, several new programs this year, including the Sacred Request Hour, a newscast of local and national news and a quiz program with prizes.

Marvin Emrich, a new announcer to the staff, has been carrying the newscast very ably, assisted by myself. This is a feature four nights weekly and has been made possible through the cooperation of the Idaho Free Press.

"Sacred Mystery" is the name of our give-away Quiz Program which has been giving many free gifts each week. All you must do to win

is write down the name of four of the five songs played on this program and take your list to Baker's Sav-Mor Drug. They will give the first three listeners who come in a nice gift for their efforts.

Now that basketball season has rolled around, our sportscasters are becoming very active. All the home games will be broadcast by our head newscaster, Ron Beech, and his assistants, Ron Kirkpatrick and Marvin Emrich. They have broadcast the play-by-play descriptions of the two home games thus in the season against E. O. C. E.

Our goal this year is to put the station on a self-sustaining basis and increase the quality of transmission to a broadcasting standard of which we all can be proud. We would appreciate any suggestions and help us reach our goals.

This is your station and is supposed to be run by you. Attend the seminars and boost the station.

It will help you in your education as well as being a credit to your college.

Trojan Talk

By Lorrie Mack

Hey, gang! Have you seen Miss Larson sporting that bright red Pontiac? Pretty slick present from Santa Claus, wouldn't you say?

If you see some neat, wine colored jackets on some good looking athletes, you can put it down they are members of the College Hi-N club. They recently acquired their new outfits.

Seniors can be spotted anywhere these days. We received our class pins and they sure are classy! We find it quite an honor to wear a CHS pin.

Four students from CHS haven't quite made it back since Christmas vacation. They are Keith Goodman, Wanda Peckham, Louella Fisher and Ed Langden.

It is rumored that Shirley Orchard, Beryline Cain and Mary Ruth Williams are leaving at the end of the semester. We'll miss you kids, so please hurry back.

"Teacher's pet" changed to "student's pet" this week as our roving reporter roamed the halls of CHS and asked twenty students to name their favorite teacher. Guess who came out with first place. None other than our senior class sponsor, Miss Helen Wilson. Miss Larson polled second high and Coach Vail came in third. But really, teachers, we love you all.

The only trouble with believing "all things come to him who waits," is by that time you may be too old to enjoy them.—Selected.
