

STUDENTS ELECT KNIGHT, THRASHER, NEWTON

Closing Missionary Rally Set Tonight

Trevecca Missionary Fellowship President, Don Crigger (center) confers with (left to right) Missionaries Ronald

Denton, Esther Howard, Samuel Taylor, and Co-ordinator, H. T. Reza.

The closing session of the third annual Missionary Conference will be held tonight at 7:30 in the McClurkan auditorium. This is a zone wide event to which the members of the neighborhood churches have been invited. Miss Esther Howard, Samuel Taylor, and Ronald Denton will be speaking.

Wednesday marked the opening day of the conference. Dr. H. T. Reza, director of the Spanish Department of the Church of the Nazarene, spoke in chapel on the theme: "Young Ambassadors with a Youthful Purpose." The general theme of the conference is "We are Ambassadors."

At a luncheon meeting following chapel Miss Esther Howard, missionary to India, gave the group practical guidance and information for prospective missionaries.

Samuel Taylor, missionary to British Guiana, South America, and Miss Esther Howard spoke on "Ambassadors for a Church that Cares" in chapel Thursday. Ronald Denton spoke at the luncheon meeting.

At 7:30 each evening, services have been held at the College Hill Church. Samuel Taylor and Miss Howard spoke Wednesday night. Thursday evening Ronald Denton and Samuel Taylor spoke. Several students prayed through around the altar about a definite call to the mission field. Following the services, color slides of the different mission fields represented were shown.

Every day of the conference, including today, the missionaries have made themselves available for a time of fellowship with the students. They will welcome the opportunity to talk informally about their fields and their work, and to answer questions. This is being held in the Conference Room of the Library from 1:30 to 4:00.

Today in chapel, Ronald Denton presented a topic: "Committed Ambassadors in an Uncommitted Generation." Samuel Taylor will be speaking at the noon luncheon.

Miss Esther Howard has been a missionary-nurse in India from 1952. She spent her first two years on the field in intensive language study. In 1954, she was assigned to the Reynolds Memorial Hospital. Miss Howard has served mainly as an instructor in the nurses training school but has also served as a supervisor in the hospital itself.

Working in South America since 1947, Rev. Ronald Denton is now serving as the Brazilian Field Superintendent. He was first assigned to Bolivia but was there for just a short time before being transferred to Argentina for language study. In 1948, he was moved to Uruguay where he served for ten years as field evangelist and pastor of seven churches in Montevideo. In 1959, Rev. Denton was placed in the new field of Brazil and has pastored four different churches. During this time, he also taught in the Bible school.

The youngest missionary in terms of service is Rev. Samuel Taylor. This is his first furlough since being assigned to British Guiana in 1960. During his first two years of service, Rev. Taylor pastored the Queens-town Church of the Nazarene and was the Youth Director for the entire field. His work with the young people carried over into his last two years when he also carried on the work as pastor of different churches.

The Missionary Conference is sponsored by the Trevecca Missionary Fellowship. Don Crigger is president, and Prof. K. W. Phillips is the faculty sponsor.

STUDENTS turned out at the polls Wednesday to vote for their favorite candidate in the election of a president, vice-president, and secretary of the 1965-66 Student Council. This was 72% of the total student body. The election climaxed a week of busy activity on the part of seven nominees and their campaign chairmen.

Jim Knight, this year's Student Council vice president, ran unopposed for the office of president.

There were two contenders for the office of vice president of the Student Council. This is a new office that was created in 1964. The major duty of the vice president is to plan and direct the cultural and social activities of the college.

Dick Bailey, this year's *Trev-Echoes* editor, chose as his campaign chairmen Mark Barnes and Dennis Orner. Dick is from Charlotte, North Carolina. He is an English major

and and education-psychology and history minor.

Phil Thrasher, a sophomore from Louisville, Kentucky, took Paul Johnson as his campaign chairman. Phil is planning to be a math and education-psychology major, and a biology minor. He was this year's Sophomore Class Student Council Representative.

Four young ladies were running for the office of secretary of the Student Council. It is her job, among others, to keep records of the meetings and handle correspondence.

A native of Winslow, Indiana, Mary Blume is planning to be a teacher with a B.A. in education-psychology and a minor in English. Mark Greathouse directed her campaign. She is this year's *Darda* business manager.

An education and English major, Miss Eugenia Cloud was this year's *Trev-Echoes* business manager. Heading her campaign was Ted

Hoskins. Eugenia is from Tampa, Florida. She is also the president of the 1964-1965 Speech Club.

Beverly Moore, of Kannapolis, North Carolina, is the president of the Junior Class, and is an education major and a music minor. Claude Nicholas was her campaign manager.

Kathy Newton, a biology major and education-psychology minor comes from Durham, North Carolina. She is the secretary of the Junior Class. Mary Stanistreet and Richard Thompson directed her campaign.

A new innovation for the election was provided by the Clio Society. They arranged with the city government to use a regulation voting machine. This was done to facilitate the counting of votes and to serve as an educational feature for the student body. In addition to this, every nominee had to erect at least one general "get out and vote" sign.

Jim Knight

Phil Thrasher

Kathy Newton

Jim Knight, a twenty year old Junior from Buchanan, Michigan, ran unopposed for the office of President of the Student Council for 1965-66.

He is a graduate of Buchanan High School. Some of the honors he received were the Senior High American Legion Citizenship Award and the vice president of the Student Council.

Mr. Knight is planning to enter the high school teaching profession after he graduates from Trevecca. He is an English and Education major. Possible graduate work includes study in the fields of education or psychology.

Jim is a member of the Trevecca Athletic Association (Secretary 1962-63; President 1963-64); and is this year's Student Council vice-president. He has been a member of the A Cappella Choir and is now a member of the Trevecca Quartet the scholarship quartet of the school.

His promise to the student body is "I will do the best I can."

Math and Education-psychology major and a Biology minor, Mr. Phillip Wayne Thrasher was elected to the office of Vice President of the Student Council for 1965-66. He is a twenty year old Sophomore from Louisville, Kentucky.

Phil graduated from DuPont Manual High School in Louisville with honors. He was chosen to receive the Kiwanis Club Citizenship award.

While at Trevecca, Mr. Thrasher has been a member of the A Cappella Choir (1963-64); the Men's Glee Club (1964-65); a member of the Trevecca Quartet (1963-64, and 1964-65); the T.A.A.; the Music Club; and the Kentucky Club (Reporter). He was elected president of the 1963-64 Freshman Class, and is the Sophomore class representative to the Student Council.

Phil is planning to be a teacher. Future graduate work includes a master's degree in math.

He states that he is honored and eager to serve the student body of Trevecca.

The Student Council Secretary for 1965-66 is twenty year old Miss Kathy Newton, a Junior from Durham, North Carolina.

Miss Newton is a graduate from Durham High School. While there, she was selected to be her home-room chaplain and was elected to the National Honor Society. She received a Gold Letter Certificate for Outstanding Service in both of these areas. She was also a member of the Spanish National Honor Society.

A Biology major and an Education-psychology minor, Miss Newton is planning to enter the teaching profession. She is planning to work on a Master's Degree in Biology after graduation.

Kathy is a member of the Science Club; C.W.A. (Captain and Co-Captain of Agee Rest Home); the Math Club; the North Carolina Club (Secretary); and the T.M.F. She is also secretary-treasurer of the Johnson Hall Dorm Council. This year she was elected secretary of the Junior Class.

Brass Ensemble To Give Concert

Tomorrow night at 8 p.m. in the Fine Arts Auditorium, the Brass Ensemble under the direction of Prof. James Van Hook will present a concert.

The selections include "Choral" from *Prelude, Chorale and Fugue* by Bach; *Allerseelen* by Richard Strauss; *Prelude and Sermon of Peter* by Mikles Rozsa; *Negev*, Tone Poem for Brass, "Mardi Gras" from *Mississippi Suite* by Fred Grofe; and *Shangri-La* by Matt Malneck and Robert Maxwell.

Special music will be provided by a trumpet trio and piano. They will play *Bugler's Holiday* by LeRoy Anderson. Miss Lucy Williams will be the accompanist. In addition to this, an organ solo will be presented by Miss Priscilla Jones.

The ushers will be Dick Bailey and Robert Sutton. Billie Jean Cline and Ruth McDowell will be the usherettes.

This will be the first program of

this season for this group. They have grown from a group of eight to a group of fifteen plus, in less than two years. The brass ensemble was started in 1963. This year two kettle drums were added to the instruments in the group.

The presentation tomorrow night is the first time that Mr. James Van Hook has led this group in a solo performance. They have appeared in several recitals and other events in a supporting role.

The Invisible Hub

Student councils are always criticized. In high schools, colleges, and universities all over the United States, student councils are criticized for their failure to be active enough in student life. It is said that the council "does nothing that is visible or tangible."

The explanation for this criticism is as old as the schools themselves. The student council works "behind the scenes" as THE INVISIBLE HUB of the wheel of activities. The student council appears not to be doing anything because it co-ordinates the activities rather than carries them out tangibly.

Take, for instance, the all-school projects, all-school revivals, Saturday night programs, study hours, dating privileges, etc. All are regulated by the student council—yet they are carried out by other organizations.

When you saw the walkways being laid in front of the library, you assumed that the college administration was responsible for this action. You were not aware that, at a recent leadership conference, several student representatives spoke boldly and demanded action concerning this problem. When you sit down three times a day to a well-balanced and inexpensive meal, you may not be aware that STUCO worked jointly with the food services committee to provide a better diet for each student of T. N. C.

Your student council is not a group of "BIG-WHEELS" but is a group of representatives elected by you for the purpose of student government.

Think of your STUCO representatives as people with whom you can talk freely concerning any phase of campus life. Your student council has no desire to rule over you but wants only to represent you before the college administration.

STUCO is partially invisible—THE INVISIBLE HUB—but it is working for you—and a better way of college life.

HRB

LETTERS TO THE EDITOR

Dear Editor,

Have you ever heard someone say, "Do it yourself. I don't have time to help. I have enough troubles of my own. You've got to carry your own weight and shoulder your own problems. Stand up and be a "man"? Sometimes maybe this is what we need to do—stand on our own two feet. But it does help to know that if you need someone to lean on or talk to that they are always there offering a helping hand.

Co-operation is one of the characteristics that really stands out at Trevecca. I am thankful that we have agreement, fellowship, and unity, not only one with another, but also with God.

The activities carried on are never meant just for the individual but the benefit of all. The temporary sidewalks which were recently laid save us time and money and is an improvement to the campus. The school-sponsored revivals help us all spiritually. The well-planned chapel services help us day by day. The Student Council represents the student body and works with the faculty concerning events of interest to us during the school year. The use of the voting machine helps us become acquainted with the procedures of democratic voting. Selfish motives, therefore, are outruled and the group is thought of as a whole.

Do you think we will continue to work cooperatively? I hope we will continue to see the students working together, shoulder to shoulder, side by side, hand in hand, with unity toward one another and with God.

Janice Blue

Dear Editor,

Ask not what your school can do for you, but what can you do for it! This is a striking statement. In this self-seeking and rapidly moving society, we seldom find anyone genuinely interested in serving the interests of others.

But, during my three years at Trevecca I've found an organization that gives their best for us—our Student Council. Whether conducting an election, providing us with excellent programs such as the Fisk Jubilee Singers, or just serving on committees in all those "Behind the scene" tasks, they have proven their dependability, loyalty, capability, and their willingness to work for the best interests of the Student Body.

This same spirit is very evident in the candidates for the coming election. I think that a great big "Thank-you" is due the Student Council for their unceasing efforts to make our school better spiritually, academically, and socially.

Marie Smith

FORUM: LIQUOR BY-THE-DRINK

Liquor by the drink has recently been a topic of strong controversy in Davidson County. So far all liquor bill proposals reaching the legislature have been "killed."

The people have been able to voice their opinions on whether liquor should be sold in Davidson County as a drink or whether it should remain as it now stands. Where beer is sold as a drink, liquor is not sold as a drink.

If brought in by the drink, more hotels, nightclubs, and such type businesses would come to Nashville.

Some such as the state legislature and Mayor Briley favor liquor by the drink. Some of these feel that one could just go into a bar and have one drink without going into a whiskey store for an entire bottle. However, liquor by the drink would encourage people to start drinking "just one glass" with the gang, whereas they would not buy an entire bottle.

Some of our students have voiced their opinions.

BOBBY BUSH—"I hate drinking!!! When people attend night clubs where drinks are sold (such as martinis, etc.) drinking will be encouraged—for social drinks and the like—thus encouraging more people to drink, resulting in the opening of more night clubs and saloons. I'm glad it is against the law in this county for liquor to be sold by the drink. But, if you want my opinion and the opinions of hundreds of others who claim to be Christians, I don't think liquor

should be sold by the drink or the bottle (or can)."

CAROLYN QUICK—"The increasing crime rate and the growing number of alcoholics should be proof enough that something should be done about this problem. Every person who is an alcoholic today started out with only one drink, probably that "social" drink, as he called it. A person never realizes what it will lead to when he takes that first drink. People who serve liquor by the drink to our young people are going to be held partly responsible for their downfall. This only provides a greater opportunity for more people to drink and ruin their lives."

CARL D. SMITH—"I am opposed to the sale of liquor by the drink in any form because it is injurious to man's health—I was reared around the "slop" and know what it can do to an individual, a family, or families. It has caused our nation to become the leading nation of the world in having the most alcoholics."

JIM KNEAR—"It appears that we might be choosing the lesser of two evils. If we must have liquor sold it could be better to make it as difficult as possible to purchase it. Selling only by the bottle can mean a slower volume of trade for a bottle "goes a long-long way." I believe the liquor consumption would increase if it is made accessible in smaller quantities. The best situation yet is no accessibility at all."

Opposition to the Liquor-by-the-drink bills has thus far been successful. Even churches have begun voicing their opinions by means of petitions. It is evident that we, as Christians, must continue to oppose any legislation that would encourage the greater use of alcoholic beverages. It is your responsibility as a Christian to aid in the continued deferment of any such legislative action.

BOOK REVIEW

The Spy Who Came In From The Cold

By JOHN LE CARRÉ

In the world of glamorous James Bonds at last there emerges a novel about espionage that is brilliantly conceived, faultlessly plotted, beautifully written, and yet believable.

Throughout the book, the reader finds himself hopelessly involved. Time after time you figure this one out, only to figure again. Until the very last pages you match your wits against Le Carre only to have him leave you out in the cold at the end.

Even if you do not usually read spy stories, read this one; it is a thriller you will not forget.

John P. Sugg

Circle-K Club; Service And Good Will

Even though Trevecca is over sixty years old, there is still room for something new . . . such as a new club. The name of this new organization is the Circle K club for men, or the College and University version of Kiwanis International.

I have been appointed as faculty sponsor for the organization and I accept this responsibility with enthusiasm and challenge. There are two reasons for this: (1) Because of what the organization through its purposes, objectives and plans can do for the men and the college, and (2) Because of the public relations impact for the college within the metropolitan area and with the businessmen of the same.

I could expand upon this by stating my agreement with the motto of Circle K and Kiwanis: "We Build," a building for justice, liberty, democracy, and a better world in which to live. It is my hope as sponsor that the Circle K club will not be just another organization, but a DRIVING FORCE, developing leadership for tomorrow while it helps create a better college community today.

In order that we all might understand the club better, I would like to list its Purposes:

1. To emphasize the advantages of the American way of life.
2. To provide an opportunity for leadership training in service.
3. To serve on the campus and in the community.
4. To cooperate with the administration of the college.
5. To encourage participation in group activities.
6. To promote good fellowship and high scholarship.
7. To develop aggressive citizenship and the spirit of service for improvement of all human relationships.
8. To afford useful training in the social graces and personality development.
9. To encourage and promote the following ideals:
 - a. To give primacy to the human and spiritual rather than to the material values of life.
 - b. To encourage the daily living of the Golden Rule in all human relationships.
 - c. To promote the adoption and the application of higher social, business, and professional standards.
 - d. To develop by precept and example a more intelligent, aggressive, and serviceable citizenship.
 - e. To provide through Circle K club a practical means to form enduring friendships, to render altruistic service, and to build better communities.
 - f. To cooperate in creating and maintaining that sound public opinion and high idealism which makes possible the increase of righteousness, justice, patriotism, and good will.

Christ spoke very strong words when he told man that he should love God first with all of his being and then his neighbor as himself. The Golden Rule would emphasize this Biblical teaching; therefore, I believe that the founding of the Circle K club on our campus is a very good way of promoting and putting into actual everyday practice these teachings. One major emphasis, as you can note from the purposes, is toward putting these teachings (loving our neighbor as ourselves) into the actual practice of everyday citizenship and personal relationships which campus life affords.

I personally need to be reminded, at times, of Christ's teaching in this area. It is my hope, as sponsor, that this club will make for better "building" by being a constant force in this direction for the entire campus community.

This club is important for what it is not, as well as for what it is. It does not permit violations of the standards of the college on the part of its members nor any indignity or infringement of the full rights of all other groups. The Manual of Circle K specifically states that "It shall be the pleasant duty of the club to . . . uphold campus regulations and abide by all local, state, and national laws."

Members of the school's newest club, Circle K, are: (left to right) First row: Steve Oliver, Dick Bailey, Mr. William Anderson, Jim Harris, Mark Barnes. Second row: Phil Thrasher, Jim Tabers, Dennis Orner, Gary Streit. Third row: Gary Powell, John Sugg, Tom Hoppe, Larry Knight. Fourth row: Jim Knight, Mark Greathouse, Wayne Dollar.

Trevecca Welcomes New Service Club

By now most of our student body has heard of our newest organization on campus—the Circle K Club. Maybe many have been wondering exactly what type of organization this is. It is hoped that this article will enlighten our students as to the organization and purpose of this club.

An organizational meeting was held on Thursday of this week. Officers elected were: Dick Bailey, president; John Sugg, vice president; and Dennis Orner, secretary.

The Circle K is a service organization for college men operating on the campus and is similar to Kiwanis and other service clubs. This club, being an auxiliary of Kiwanis International, carries the same motto—"We Build." It aims at building for justice, liberty, democracy, and a better world in which to live.

A Circle K club is sponsored in co-operation with college or university officials by a local Kiwanis club. The activity is a part of the Kiwanis program of service to youth and community. Circle K Clubs fulfill this role by service to the campus and community and by developing good citizens and leaders of the future.

As for membership the Constitution of Circle K International says, "The membership of a club shall consist of male students of good character and scholastic standing who are officially enrolled in the institution where the club exists."

As far as a goal, Circle K is first and last a service organization, which seeks to develop the activities which will be of great value to the school and its students. Circle K avoids cliques. It seeks to bring all school organizations into closer co-operation with one another through a service program.

Each Circle K Club has a president, vice-president, secretary, and four directors, who head the organization, supervise its every activity, and represent it as required.

Our local Circle K Club here at Trevecca has been organized with sixteen charter members. They are Wayne Dollar, Steve Oliver, Gary Streit, Larry Knight, Mark Greathouse, Dick Bailey, Mark Barnes, John Sugg, Jim Knight, Tom Hoppe, Gary Powell, Jim Tabers, Ken Walker, Jim Harris, Dennis Orner, Phil Thrasher.

Members were selected by a committee of both students and faculty. A grade average of 1.3 is required along with approval by the Student Activity Committee.

Members will be taken in at the beginning of each quarter. There is a limit as to the number of members that any one chapter may have. The minimum number in any one club is fifteen while the maximum number of members is thirty-one.

The Downtown Kiwanis Club is sponsoring the Club while Mr. Charles White, a local attorney, is their representative to us. Mr. William Anderson is the faculty advisor.

Twirpers "Leap"

Eager Fellows

A feature length comedy, "African Screams", starring Bud Abbott and Lou Costello crowned a week of "LEAP" activities on Saturday, February 27th. This was just one of the many activities enjoyed by "leaps" during the past week. Girls gained new appreciation for the gallant gentlemen as they performed the manly duties usually assigned to the male.

On Monday evening all those who had dates went to the "Ole Sweet Shoppe" (T-Room) where they were entertained by a trio composed of Becky Sloan, Jeannette Forman, and Betty Latham.

Several humorous readings were presented by emcee Claude Nicholas as everyone enjoyed the antics of "Mr. and Miss Leap" and "Grannie", their chaperon.

The singing of Jim Conner was featured at the Western Round-up in the Student Center on Tuesday night. Highlighting the program was a suspender contest during which time Carl Taylor was presented with the prize (a live chicken) for having the most original suspenders.

Because many of the students attend different churches in the city, no activities were planned for Wednesday night. However, the girls were urged to take their dates out for a snack after church.

Several of their friends from "black bottom" were present on Thursday night to see the performance of Sara Hill and Carol Goodwin in a skit, "Black Clouds."

A women's basketball game featuring faculty talent provided entertainment for the couples on Friday evening. A mock olympics, under the direction of Mary Stanistreet and Syble Jones, was presented during half-time, followed by a game which pitted the alumni against the all stars. These games proved to be very exciting.

A backward glance at "Leap Week" brings memories of a week filled with hilarity, gayety, and overall fun for all who participated.

Credit should be given to the following members of the Senior Class for a week well planned: Suzanna McManus, Margaret Gordon, Darlene Cain, Jan Osborne, Nancy Mastin, and Syble Jones.

Hardy Hall Students Honor Esther Hyatt

Last summer Miss Esther Hyatt, a Trevecca student and resident of Hardy Hall, was killed in an automobile accident.

Recently, the Hardy Hall Missionary Society, formed by the residents of that dormitory, established a fund to be used to buy a folding organ for Taiwan in memory of Esther, who was studying to be a missionary. Over \$75 has been raised for this purpose.

In addition, the girls, in their personal Alabaster offerings, have recently contributed, through College Hill Church, over \$50. This money is used for new buildings on various mission fields, as provided for by the NWMS.

Club ECHOES

by Joyce Gordon

C.W.A.

In most organizations there is much "behind the scenes" work. So it is in C.W.A.

Not only are there council meetings, cabinet meetings, the actual services, and follow-up work, but there is also a weekly prayer meeting.

This meeting is Monday evening at six o'clock. Part of the meeting consists of congregational songs, special music, a devotional, and prayer requests which specifically pertain to C.W.A. departments. At this service there is opportunity for spoken reports of the services of the previous weekend. Many of these reports bring sorrow because of the unmet needs. Other testimonies cause us to rejoice for victories won. Sometimes these are reports of those for whom requests have been made in previous services. Whether the reports are of joy or sorrow, they are a challenge to Christians to pray, to witness, and to win.

TREBLE-TONES

It's so hard to believe that four time is here, but we Treble-Toners are happy and full of enthusiasm when we think of those ten days in Florida. However, these Sundays prior to March 19 are important trial runs in the churches in and around Nashville. Each service has truly been a blessing, for we have felt the Lord's presence so near and dear to each of our hearts. We pray that the Lord will bless each service as we travel.

Last Tuesday evening, February 23, the Treble-Tone choir enjoyed pizzas at the community center at Centennial Park. Previews of what choir tour will be like were the highlights of the party. The old members were placed on trial for some of the things that they did last year and were forced to confess. Miss McClain told us what would be expected of us as representatives of Trevecca. We hope to represent T.N.C. well.

MINISTERIAL ASSOCIATION

The Ministerial Association has chosen as their project for this year the buying of Bible maps to aid those classes which need them. All of those in these classes realize the great need there is for them. The association is planning on spending from \$100 to \$125 if possible on this project. The officers and sponsor are going to work with the professors of these courses in deciding on the most needed maps.

SOPHOMORE CLASS

The Sophomore class has chosen as their project this year the purchasing of outdoor furniture for the patio just outside the student center. This project was approved and will be carried out as soon as there are sufficient funds in the class treasury. All members of the class are urged to pay all or even part of their dues as soon as possible. It is very important that all members co-operate in this way towards making our class better. Any contributions will be accepted gladly.

A CAPPELLA CHOIR

The remaining weeks of this quarter are ones of activity for the A Cappella Choir. Practice sessions are more serious and public appearances take on more importance as we prepare for tour. Activities of the choir included appearances at four Nashville high schools — North, Howard, Central, and Glenciff—and a Sunday morning service at College Hill Church, February 28.

Early Sunday morning, March 7, the choir will load "Old Goldie" and depart for a day of services in West Tennessee — Sunday morning in Clarksville, Sunday afternoon in Paris, and Jackson in the evening. On Sunday morning, March 14, we will sing at Trinity Church of the Nazarene here in Nashville.

FRESHMAN CLASS

The Freshman Class has been engaged in several activities this month. The class put on a Saturday night program in the Fine Arts auditorium entitled "The Miss T.N.C. Beauty Pageant." The workers of this program would like to thank each one who came out to see it and to each person who helped in the program.

The Freshman class is now selling "The World's Finest Chocolate." Many of the members of the class are taking an active part, but just a few cannot get all the chocolate sold. They need each member of the class to do his part.

Versatile Mr. Melton Devoted To Trevecca

Whether it be climbing ladders or cooking potatoes, Mr. Howard Melton (on ladder) has exemplified dedication to T.N.C. Also pictured is Lowell Clyburn.

Do you know Mr. Melton? A familiar personality on Trevecca's campus is the ever-smiling, friendly, yet quiet dark-haired man, Howard Melton. Mr. Melton is known as an all-around person, performing many duties and working on various jobs at Trevecca, proving his great versatility and maintaining a pleasant attitude.

Mr. Melton lives with his wife and two daughters on the college campus, in the cottage between the cafeteria and Johnson Hall. His son, Dale, graduated from Trevecca in 1963, his daughter Patti is presently a sophomore in Trevecca, and Sue is a sophomore at Howard High School.

Coming to Trevecca from his home in Arcadia, Florida in the winter quarter of 1961, Melton said his wife's reaction to his decision to enter college was one of surprise, but of full co-operation. Asked why he made this decision, he said that it was because he felt he had failed to do something he should have done twenty years ago—get a Christian education.

Not only a student, but working as manager of the college cafeteria from June, 1961 until July, 1964, Melton is now on the college maintenance crew.

Since Mr. Melton has not only been a student and "one of us" but also an onlooker, in a way, we felt that his views of the college, its changes, and its people would be of interest to the students.

Asked what he thought would be a general view of T.N.C. students, Melton said, "The students are well-

mannered and far above average in morals, yet serious-minded, which can be attributed to their faith, and often to unfortunate financial situations."

Asked for a description in the changes he has seen in Trevecca since his 1961 arrival, Mr. Melton said, "Trevecca has changed quite a bit since I came here. Trevecca faces change; it must make changes, not for changes' sakes, but for its very existence. I think the most important and influential change Trevecca is planning for the near future is not in its buildings and physical expansion, but rather, in its attempt to channel more Nazarene college students to Trevecca. This in itself is a colossal task. Idealistically, it is the thing to do. Realistically, it is easier said than done. Can we compete with the unlimited endowments of some colleges and the tax-supported institutions of other colleges?"

Speaking of personal changes and adjustments during these past few years, Mr. Melton answered, "I have received a good dose of over-due discipline since coming to Trevecca. My faith has been strengthened because it has been challenged. I am more aware of the great heritage I have received since coming to Trevecca. The great fundamental truths I embraced as a child and nourished as an adult have been reinforced here at Trevecca. I am glad I came to Trevecca. I can only imagine what might have been had I come in 1939 when I should have."

Melton plans to take a pastorate in Florida after graduation.

CAMPUS FIRST: "MISS T.N.C."

On February 20, 1965, Trevecca held her first Miss T. N. C. Contest. This event took place in the Fine Arts Auditorium at 7:30 p.m.

There were seven lovely contestants, who displayed grace and poise. Roy Parks (Roy Galloway), master of ceremonies introduced each lovely girl.

The first girl introduced was Rochele Thompson (Richard Thompson) who displayed for her talent one of her own original dresses. It was brown with black trim and very pretty. The second was Bobbi Carter (Robert Carter) who performed acrobatics for her talent. Doing a lovely pantomime was our third candidate, Cecilia Cook (Cecil Cook). The fourth was Carla Draughn (Carl Draughn) who sang a beautiful piece. Fifth was Evelyn Dixon (Everett Dixon) who painted a portrait of one of the workers. The sixth was Grace Rickey (Greg Rickey) who acted out the skit of a girl late for work. The last contestant was Roberta Thompson (Robert Thompson) who acted out a skit of a girl shopping.

All the talents were good and it was hard for the judges to pick the finalists. Roy Parks announced the three semi-finalists to be Rochele Thompson, Cecilia Cook, and Grace Rickey. They were in turn given a question to answer.

The judges debated some more, and finally the winner was announced by Roy Parks. The second runner-up was Cecilia Cook, the first runner-up was Grace Rickey, and Miss T. N. C. was Rochele Thompson. She received a bouquet of long-stem red roses and the crown and title of Miss T. N. C. for 1965.

T.N.C. STUDENTS REPRESENTED AT LOCAL SYMPHONY

The Nashville Symphony Orchestra gives two concerts six times during the winter months. These concerts are well attended and many Trevecca students take advantage of this cultural atmosphere.

At each of the symphony concerts there is a guest artist. We have heard a violinist; a famous soprano, Mary Costa; a well-known cellist; and a highlight in my opinion, Van Cliburn.

Van Cliburn is a very accomplished pianist. In 1958 he was the first American to win the Moscow Prize. When he returned to the states he was accorded Manhattan's first ticker-tape parade for a musician.

It was a real treat to hear Mr. Cliburn in person, especially when he played with the Nashville Symphony Orchestra, Rachmaninof's Concerto, which led him to international fame in Moscow. He has certainly managed to live up to his great fame and in the eyes of the people who attend the symphonies, he is no less than perfect.

—Dianne Peters

The noon-day prayer meeting has long been a source of spiritual strength for many T.N.C. students. Richard Reed, leader of the noon-day prayer group, is shown conducting a typical prayer service.

DEVOTED T.N.C. STUDENTS IN DAILY PRAYER GROUP

The character and some of the finer features of Trevecca are quite frequently initiated and upheld by some of the quietest-operating groups on campus. One such group is the Noon-day Prayer Group.

The Trevecca students who meet with this prayer group are among the most devoted Christian workers on the campus. They are very regular in their attendance of the prayer meetings which meet daily, immediately following the chapel service.

These students, led by Richard Reed, meet in the room behind the McClurkan balcony, and often overflow into the balcony itself so that Mr. Reed must stand in the aperture between the room and the balcony to speak to both sides.

Led by their chairman, Mr. Reed, the meeting is usually begun by testimonies and a song. Requests are then named and the entire group quickly kneels at their places. An onlooker would see from fifty to seventy-five college students, each reverently kneeling and praying sincerely for the requests that were mentioned and whatever else may be on his heart.

Three students who regularly attend the prayer meeting were asked to express just what attending the meeting meant to them.

"One of the most rewarding times of the day is the few minutes spent

in noon-day prayer meeting. It is most thrilling to listen to the testimonies and to sense the depth of feeling as the group sings. If there would be one thing that would stand out above all else, it would be the joy felt when hearing that a prayer request has been answered. It is my desire to attend more faithfully in the future," says Ellen Webb.

Linda Hill says, "My life is empty and meaningless without communion with God to give me strength. Prayer makes my day run more smoothly and helps me feel closer to God. It takes much prayer for me to be at my best for Christ."

"Noon-day Prayer Meeting helps in fulfilling my need by offering me a chance to feel free to pray without worry of interruptions or distractions from the outside world. Noon-day prayer meeting is my oasis in the middle of the day."

Patty Vreeland said, "Prayer is what helps me maintain my closest fellowship with the Lord. Noon-day prayer meeting is a time of inspiration and blessing as fellow students share their victories and burdens. It is a specific time for me to pray for particular burdens in the atmosphere which is created by prayer. The prayer meeting has been of great value to my spiritual life while here at T.N.C."

FOOTBALL CHAMPS—1963-64
BETAS
BASKETBALL CHAMPS—1961-64

'64-65 BASKETBALL ALL-STARS

★ SPORTS STARS ★

MEN'S ALL-STAR BASKETBALL TEAM: (left to right) Greg Rickey, Al Baysinger, Mark Greathouse, Jim Knight, Everett Hanner.

WOMEN'S ALL-STAR BASKETBALL TEAM: (left to right) Front row: Marla Moore, Jean Cranshaw, Mary Blume. Second row: Joyce Fulenwider, Jan Osborne, Sandra Williams, Sally Wyrick, Beverly Moore.

Mark Greathouse, 6'4" center of the Deltas, has been elected Most Valuable Player and captain of the 1964-65 All-Star basketball team. The other four members of the team are Jim Knight, Greg Rickey, and Al Baysinger of the Betas, and Everett Hanner of the Alphas. This year's team is considered one of the finest ever elected which points to the fact that this was an outstanding basketball season. The Betas won the championship, but had to hustle each game to win as the Deltas gave them some stiff competition. Second team members are Jim Hendershot, Jan Forman, Lloyd Manning, Jerry Cline, and Larry Knight.

Mark Greathouse is considered as the best "big man" in the league. His ability to get position near the basket for a shot or a rebound is his main asset. He led in scoring by hitting at an 18.8 clip. His top effort of the year was the last Delta game against the Alphas when he scored 37 points. He also had two games in which he connected for 26 points. Mark showed his rebounding ability in one game by pulling in 20 rebounds. This year the Deltas built their attack around him and he came through as was expected of him.

As Jim Knight goes, so go the Betas. This is the best way to describe Jim and his worth to the team. He is no doubt the key to their success. This is the third year that Jim has been elected to the All-Star team. He plays guard for the Betas and gives them top-notch leadership from the position. He is the leader of their fast-break which can ruin opponents when it is clicking. He didn't score a lot of points this year but proved his value in setting up his team-mates for easy shots.

Greg Rickey was among the leading scorers as he averaged 15.2 points per game. He played center for the Betas and did a great job on the board and playing defense. He scored a lot of his points on driving layups which were almost unstoppable. In a narrow 73-71 victory over the Deltas, it was Rickey who made the key play on one of these lay-ups.

Al Baysinger is known for his coolness on the floor. He has the ability not to panic when something goes wrong or the Betas are behind. His favorite shot is a soft jump shot from around the basket. Al is also a good ball handler and can play either forward or guard. His deftness at shooting and rebounding played a big part in the Beta's success this year.

Everett Hanner played two years with the Betas and then switched to the Alphas this year. This was by far his best year and he helped the Alphas out a lot. He was among the top scorers with a 17.0 average. His favorite play is to take the ball with his back to the basket and turn around and arch a shot towards the basket. He hit on a good percentage of these shots. Hanner was also valuable to the Alphas as he often kept them in the game with a timely rebound.

The Alpha girls dominated the 1964-65 girls' All-Star basketball team. They placed five players on the team as the Deltas placed two and the Betas placed one.

Jean Cranshaw is the most valuable player on this year's team. She was the top scorer in the league this year and contributed much to her team's success.

Beverly Moore was chosen for the third straight year. She has the best moves of any girl in the league. One of the main assets is her ability to set up her teammates. This proves her worth as a team player. She can also score herself as evidenced by one game in which she scored twelve points.

Mary Blume made the team as a defensive player as did Sally Wyrick and Marla Moore. These three formed the best defense in the league and were able to keep their opponents from getting any good shots.

Joyce Fulenwider also makes the All-Star team for the first time. She was about all the Betas had this year as the Betas finished last without a victory. Joyce was the team's leading scorer and was a real hustler.

Sandra Williams led the Deltas in scoring this year. She handled the ball very well and had some good moves around the basket. Her value to the team is evidenced in the two wins the Deltas had this year. She was the top scorer in both games. Sandra is just a freshman and should be a key in the Deltas future plans.

Jan Osborne of the Deltas makes the All-Star team for the first time. She played both offense and defense this year and was especially adept on defense. She usually guards the opponent's best player and does a good job.

—That three of the men's basketball All-Stars sing in traveling ensembles? They are Jim Knight (Trevadores quartet), Greg Rickey and Mark Greathouse (A Cappella Choir)?

—That four of the girls' All-stars sing in choirs? They are Marla Moore and Sally Wyrick (Treble Tones), and Beverly Moore and Jan Osborne (A Cappella)?

—That Jim Knight, Beverly Moore, Marla Moore, Sally Wyrick, and Mary Blume were also on the Honor Roll?

—That the season's leading scorer, Mark Greathouse, was a star at Nashville's Isaac Litton High School last year?

—That Greg Rickey is a transfer from Florence State College where he was on a football scholarship. Greg is now studying for the ministry.

—That Sally Wyrick, Mary Blume, Mark Greathouse and Greg Rickey are all Nazarene "P.K.'s"?

—That between them, the men's all-stars scored a total of 591 points. Total points for the five run: Greathouse, 169; Hanner, 153; Rickey, 122; Baysinger, 86 and Jim Knight, 61.

—That Jim Knight is the only repeater from last year's all-star team, his third consecutive year as a basketball all-star.

—That this is the third consecutive year for Jean Cranshaw and Beverly Moore to be elected to the women's all-star team.

Cage Season Closes

DELTA 82—ALPHA 69

The Deltas, with the majority of their team missing had to play with four players but still managed to win 82-69. The Alphas took advantage of this shortage and led at the half 36-31. The Deltas surged back in front early in the third quarter and went on to post an easy win.

Mark Greathouse hit a personal high for the season as he scored 37 points. Mark had 23 points in the second half to lead the second half surge. Jerry Cline scored 23 points and Jim Hendershot had 16 points.

Leading the Alpha scoring were Ray Moore and Everett Hanner. Moore had 18 points and Hanner had 15. George Whitten and Lester Byington finished out the double-figure scoring with 13 and 10 points respectively.

BETAS 75—ALPHAS 62

The Betas kept their undefeated record intact as they won over the Alphas 75-62. The game was closer than the score indicates as the Alphas were only four points behind at the half.

Lloyd Manning showed a touch of his old form as he bombed the nets for 22 points. This was his highest total in this an off year for him. Al Baysinger had 14 points and Greg Rickey connected for 12 points.

Big Everett Hanner was high scorer for the game with 25 points in an outstanding effort. Lester Byington played his best game of the year and managed to come up with 13 points.

Softball Time Approaches

By CARL TAYLOR

With basketball season over, the attention of the sports-minded turns to the softball diamond. Interest is already strong and pressure is building for the showdown. The Betas have won football and basketball and will attempt to make it a clean sweep. But the defending champion Deltas are determined to do all within their power to prevent this. At the same time, the Alphas want badly to break a long dry spell by taking the softball championship. Both the Alphas (who placed second in football) and the Deltas (second in basketball) will be out to get the Betas. But to see what will be going on, let's take a quick look at each team.

The Deltas are again led by All-Star pitcher Jim Hendershot and All-Star MVP Barney Baggott, at shortstop. Also returning are catcher Bob Say, infielders Wayne Dollar, Phil Thrasher, and Wayne Downing, along with outfielder, Jan Forman. Adding to the strength of the Deltas will be frosh Mark Greathouse, John Stark, and Bobby Bush.

The Betas have returning catcher Jim Knight, pitcher Paul Johnson, infielders Larry Knight and Carl Taylor, and outfielders Ron Hall and Jim Tabers. They sport a fine crop of newcomers in Greg Rickey, Henry Horton, Claude Nicholas, Don Webb, Sonny Morgan, Cecil Cook, Hollis Kelly, and Bob Thompson. It will be a fight for positions on this team, but watch out for them.

The Alphas will again be led by Lester Byington. Glenn Wheaton Charles Woody, Dennis Orner, Troy Miley, and Bob Sutton also add experience to the team. Freshmen that will be depended on are Bob Snodgrass, Gary Powell, Troy Childers, George Whitten, and Ray Moore.

As usual about this time of the year, this reporter will go out on a limb and predict that the softball season will end with the Betas making it three straight, the Deltas second, and the Alphas third. It will be a close race with the possibility of a play-off series.

TAA president Larry Knight recently announced that Umpire-in-chief for this entire season will be Gene Cook, former TNC batting champ and Beta star. Cook was injured last fall in an automobile accident that prevent his active participation in softball, but he will take on the responsibilities of calling the games.

BETAS 78—DELTA 65

It was evident from the beginning that the Deltas were not to win this game which was the last between these two rivals. It seemed that nothing was to go their way. The Betas capitalized on this to win 78-65.

The Betas were led by Don Webb's 25 points. Lloyd Manning added 22 points and Larry Knight had 17.

Jerry Cline took game honors with 29 points which was his high for the season.

BETAS				
	FG	FT	PF	TP
Manning	10	2	1	22

Totals	27	8	12	62

DELTA GIRLS 31—

BETA GIRLS 14

The Delta girls scored their second win of the season as they beat the Beta girls 31-14. The Betas never were in the game as the Deltas played their best game of the season.

Jan Osborne and Sandra Williams did most of the scoring for the Deltas. Williams hit for 13 points as did Osborne. Judy Drake scored 5 points to round out the Delta scoring.

Joyce Fulenwider was the top scorer for the Betas with 9 points. The Betas were missing some of their players and never could get going. This game concluded the girls basketball season.

Totals	5	4	9	14

The top game of the year was played at First Church gymnasium Friday night, February 26. This was the annual All-Star—Alumni game. In the game last year the All-Stars had no trouble with the Alumni, but this year's game was different. The All-Stars stayed close to the Alumni most of the game, but the "oldsters" finally managed to pull away as indicated in the final score, 75-70.

The All-Stars consisted of Greg Rickey, Mark Greathouse, Al Baysinger Everett Hanner, Jan Forman, Larry Knight, and Jerry Cline. The fact that All-Stars Jim Knight, Jim Hendershot, and Lloyd Manning were missing affected the final score. The All-Stars were hurt as Hanner and Rickey fouled out early in the third quarter.

The Alumni featured the familiar faces of Ed Sisson, Roger Costa, Jim Pate, Wendell Poole, Howard Spruill, Ed Whittington, Gene Shelton, and Dan Hatfield. Even though they weren't too familiar with each other's moves they played an aggressive style of ball which made the final score possible. Pate, Sisson, and Poole were the outstanding players in the game.

Looking back, this was one of the finest basketball seasons ever played at Trevecca. The individual scoring was more evenly balanced as the run-and-shoot style of play was not in effect. Last year no less than four players averaged over twenty points per game. This year no one was able to break twenty.

The TAA would like to thank those who helped to make this a successful season. Our special thanks goes to Roger Costa, Dan Gresham, Ron Doolittle, Dan Hatfield and Bro. Strickland who did a fine job of refereeing the games. Also to Carl Taylor who was in charge of statistics and kept them up-to-date.

Softball season is less than a month away. The first game will be the first week of Spring Quarter. We are hoping to purchase softball jerseys in order to make this a more colorful and enjoyable season.
